It's Official Jackson Runs For President

After months of testing the waters, Jesse Jackson today throws his hat into the ring as candidate for President of the United States of America. He did this despite opposition from America's Black leadership. Benjamin Hooks, Executive Director of the National Association for the Advancement of Colored People says he doesn't think the country is ready for a Black

President. Others rejecting his candidacy are Coretta Scott King who fears a "backlash" that will reelect President Reagan. Mayors Coleman Young of Detroit and Tom Bradley of Los Angeles, have both endorsed Walter Mondale. Mayor Andrew Young of Atlanta says Blacks need more than "symbolic politics." Other Black leaders are skeptical and taking a wait and

see attitude. However, others who are already in the Presidential race welcome Jackson's announcement. McGovern said, "it will add excitement that will bring people into the political process." Alan Cranston said he is an honorable candidate, there are important things to be said and "I'm glad he's there." Locally, Congressman George E. Brown

told "Voice News" "I'm a supporter of Jesse Jackson. (His candidacy) will have a constructive impact on the nation." The articulate Jackson says he's not the only one running, this should translate to 10,000 people running for office in areas where there is no representation. Jackson's strategy is to register close to 1/2 million voters. The Democratic Party expects

to register 3 million new Black voters. Almost no one expects him to win the nomination. But his presence will change the strategies of all the other competitors and make them deal with issues affecting the American public, i.e. unemployment and foreign policy issues. At Morehouse College, Jackson told the audience "We want

our share!" He raised the question of whether labor unions have locked Blacks out of skilled jobs, and said, "this generation's mission is to sign a new covenant with the Democratic party." The masses all over America are shouting "Run Jesse Run," and Jesse will change the course of the Democratic party.

Capacity Crowd Expected At NAACP Dinner

The San Bernardino Branch of the National Association for the Advancement of Colored People (NAACP) expect a capacity crowd this Friday, Nov. 4, for the Freedom Fund dinner. The keynote speaker for the evening will be Bishop and Civil Rights activist Bishop H. Hartford Brookins. He is the presiding prelate over the 5th District of the African Methodist Episcopal Church. Brookins is most noted for garnering close to \$1 million in an economic development fund, in his 5th District area. His speech will center on the second phase of the NAACP program of "dollar days" to let business know the impact of the Black dollar by using only \$2 bills and Susan B. Anthony dollars. Moresell Johnson, president of the local chapter said, "Freedom is not free, it still takes a great deal of sacrifice and money to guard against those who would take away our precious individual Constitutional rights."

Olympic Committee Settles With Mervyn's

A federal court judge has entered a stipulated final judgment which precludes Mervyn's — a northern California-based department store chain—from selling its recently developed line of Olympic-themed merchandise, it was announced last week. Terms of the federal court consent decree were agreed to by Mervyn's, the Los Angeles

Olympic Organizing Committee (LAOOC) and the United States Olympic Committee (USOC). Mervyn's agreed to pay the USOC and the LAOOC \$190,000 as part of the agreed settlement. The LAOOC and the USOC had claimed that the Mervyn's merchandise, which bore a "USA 1984 Team" logo, was a violation of federal law and trade-

mark protection rights. The consent decree found no fault on the part of Mervyn's and the two Committees did not back away from their claim that Mervyn's merchandise infringed on their rights. "Because of the concern that the Committees expressed about our "USA 1984 Team" generic logo, Mervyn's is willingly discontinuing its sale," said Wallace N. Kalina.

Absentee Votes Must Be In by Nov. 8

All voted absentee ballots must be received in the Registrar of Voters office no later than the close of polls, 8 p.m., Tuesday, November 8. If you are voting absentee, get your ballot in the mail without delay. You must mail it on time to reach the Registrar of Voters by November 8. If you don't mail your absentee ballot, the only way to return it is to take it to a polling place, in person, on Election Day. (But remember - only

you the person to whom the ballot was originally issued, may turn it in at the polling place.)

Catholic Conference Gives \$40,000 Grant

Father Marvin Motett, national director of the United States Catholic Conference's Campaign for Human Development (CHD), announced a \$40,000 grant to the Domestic Workers of San Bernardino during a press conference at Bishop Phillip F. Straling's office at the Diocesan Pastoral Center, 1450 North D St., San Bernardino.

CHD is the U.S. Catholic Church's education

n-action program to combat domestic poverty. It funds selected self-help projects of poor and low-income groups to enable them to overcome the root causes of their poverty. CHD is funded through an annual collection in parishes throughout the country usually on the Sunday before Thanksgiving. This year the collection will be on Nov. 20.

Various projects in the Diocese of San Bernardino have received nation-

al CHD grants. The national CHD office granted \$50,000 in 1981 to the Casa Blanca High School drop-out project in 1982. It also granted in 1982 \$40,000 to the Domestic Workers Service Center in Riverside.

Father Motett, CHD executive director, lives in one of the more run-down neighborhoods in Washington, D.C. In an interview with National Catholic News Service in 1981 he said, "The really spiritual reason (for living

in such condition when he doesn't have to) is that this is the way Christ lived."

"Christ made a decision to associate with the poor and the outcasts and the alienated. Church social teaching indicates Catholics must love the poor as well. If we truly believe we're one family, that we have one Father and that we're all brothers and sisters of Jesus Christ, it's pretty hard to see how we can live otherwise," he said.

Linda Spears touched the congregation with the "Soon and Very Soon" and "Holy One" was beautifully done by Toni Williams, as Bro. Carl Rougherty accompanied on organ.

We were further enhanced in the word as Rev. Bullard spoke on the Missionaries theme "Unity In Christian Living," Philippians 2nd Chapter V1:4. Missionary Day is always a very stimulating and enriching experience with all the ladies in white worshipping God to the fullest. The Missionary Choir and Congregation accompanied Rev. Bullard to Barstow in fellowship with Minor Chaple, Rev. Lackey, Pastor.

As we began our Sunday Morning Worship Service, I was reminded of the words of the Psalmist, "This is the day which the Lord has made, let us rejoice and be glad in it." And rejoice we did. It was Mission Day, and the women in white, who were in charge, helped in our rejoicing with a good devotional period with heartfelt fervent prayers. Sis. Grant, the Mission President, gave a short talk from Ephesians 6:10-17. "Throw the trash out of your lives." She told us to throw out hate, backbiting, lying, false pretending and all other trash. Then we are ready to put on the whole armor of God. That is, the girdle of truth, the breastplate of righteousness, the shoes of the Gospel of peace, the shield of faith, the helmet of salvation, and the sword of the spirit, which is the Word of God. Christian songs are more than just words set to music. They give expression to the Word of God through joyful singing. Today we were blessed to enjoy "Shine on Me," "Glory, Glory Hallalujah," "If It Had Not Been For the Lord on My Side," and "In the Garden."

Pastor Hooper delivered a dynamic message from St. John 1:23. Subject: "A Voice Speaking in Behalf of Jesus." He said, I am the voice of one crying in the wilderness, make straight the way of the Lord, as said the Prophet Esaias.

John explained to the people that he was not the Christ, but a forerunner of Christ. That he baptized with water, but Christ baptizeth with the Holy Ghost. Pastor Hooper explained to us that all Christians are missionaries, sent forth to witness for Christ Jesus. If you are not a missionary, you are not a true Christian.

to give religion to all of our children. That's a wonderful thing.

But we shouldn't be satisfied with that and I don't think the father wants us to be satisfied with that. I think he wants to groom blacks so that they will be able to carry the weight by themselves, in their own homes for their own families. That's what you want, and you'll never have true dignity unless God blesses you. You're not going to get it by just studying. You have to have the heart, you have to have the right spirit and then God will bless you.

Let us pray for our leaders in our Black churches and in our Black mosques; let's pray that God blesses us with preachers with wisdom.

Allen Chapel had a double treat on Sunday when the Missionaries, following the tradition of managing every fifth Sunday's service in honor of Missionary Day, hosted a magnificent program which featured Mr. Vernon Braggs as speaker of the morning hour. Mr. Braggs spoke to Allen's members and friends about responsibilities and obligations of missionaries, which is "to go forth and preach the word of God..." (Mark 16:15 & 16). Mr. Braggs also reminded us to pray daily and study the work of God as he challenged us all to become better missionaries.

The second treat was the afternoon program which honored and welcomed Rev. and Mrs. Reed into our community. The Gospel Choir, members, guests from Braggs' Board and Care Home along with Mr. Ernest Wilson from the mayor's council presented Rev. and Mrs. Reed with gifts and many warm and loving words of welcome.

Missionaries who took part in the morning program were: Mrs. O. Braggs, Ms. S. Sims, Mrs. A. Mines, Mrs. L. Allen, Mrs. L. Phillips, Mrs. G. Early, Mrs. E. Larking, Mrs. E. Stephens, Mrs. L. Riggins.

Coming Events:
Wednesday, Nov. 2 at 6 p.m. Prayer and class meetings.
Thursday, Nov. 3 at 3:30 Youth Laymen meeting
Thursday, Nov. 3 at 6 Gospel Choir Rehearsal

Please join us at Allen Chapel as the wheels of progress are turning.

Sunday at St. Paul
By Joyce Powell

Fourth Sunday and the Celestial Choir led the processional. The morning hymn *Close to Thee* and prayer by Rev. Haynes. The scripture reading was found in St. Matthew's 5:13-20.

Visitors were cordially introduced by Cheryl Brown. To the visitors present she extended a warm welcome ... "Today is the Lord's Day, it is your day and mine, the only day we have, the day in which we play our part. It is for us to express love and fellowship to God and with each other."

The altar call was conducted by Rev. Haynes. The choir quietly responded in song "Come Ye Disconsolate." Rev. Haynes expressed that "We cannot bear our burdens alone." We must tell Jesus.

The Celestial Choir's songs were very inspiring last 4th Sunday at St. Paul A.M.E. The sermon selection was spiritually rendered by Claudell Curry. "Just look where I've come from, I've got a long way to go."

He emphasized on how God saw grace in one man ... Noah. Noah and his family were spared, but he destroyed men with no light in their lives. Let your light shine — do not worry about others' light. Your light should not be under a bushel. It should not be a secret. Hidden as an unseen treasure. If we are saved at all we are saved from something to something for something, to help save somebody else from damnation to salvation. This little light of mine I'm going to let it shine through: the light of love, kindness and service.

Brown Campaign Thrusted into Another Gear

Hardy Brown's campaign for the San Bernardino Board of Trustees was thrust into another gear last week as a fundraiser was held at the home of Eugene and Helen Warnick, long-time political campaign workers.

Brown's speech ended with a question and answer period. Foremost on the minds of the 50 or more in attendance was the question of merit pay. Brown feels that strict guidelines would have to be set for it to work and says his concern is how would the best teacher be judged.

"Too often we find the increase would go to friends or those with the same ideas." Everyone would not benefit from merit pay. Instead Brown would like to see all teachers get a raise. It is unrealistic that a teacher put in 5 years of college to make a beginning salary of \$15,000 a year when a person out of high school could make that working as a janitor for some of the larger employers, he indicated.

"Donations and pledges continue to come in and are still welcome," said Brown.

Eugene and Helen Warnick pose with Hardy Brown and Wilmer Carter (Rialto Unified School Board candidate). The Warnicks are joined by their daughter-in-law Shelly. Mr. & Mrs. Dwight Willette along with Mr. & Mrs. Warnick were co-hosts of the fundraiser for Hardy held at the Warnicks residence.

Mark and Ann Ivy share their thoughts on education with Hardy Brown. Ann is a Public Health Administrator for San Bernardino County.

Dr. and Mrs. Walt (Erma) Schulling join Jerry Wertzonan in indicating their support for Hardy Brown's School Board candidacy.

What to do if you should ever smell natural gas.

If you've ever had a whiff of natural gas, you know it's not French perfume. But that's one big reason it's so safe.

We add the smell to natural gas (which is normally odorless) so you can detect even the slightest leak.

A slight odor near an appliance usually means a pilot light is out. But if you have any doubts, just call us.

If the smell is strong, open the windows and doors.

Don't light any matches or turn anything electrical on or off, not even the lights. Any electrical switch could cause a spark.

Alert everyone in your home and get out. Alert your neighbors nearby. Then, call the Gas Company. (But don't use the phone in your home).

If the gas odor is outdoors it could be even more serious than a leak indoors.

So call us right away.

Even if you don't smell gas, we hope you'll keep safety in mind.

Never store any flammable materials near a gas appliance or your gas meter.

If your burner flames (range, furnace, water heater) are leaving soot deposits or giving off an acrid odor, call us immediately.

Be careful with unvented room

heaters. They can cause fire, asphyxiation and deadly fumes such as carbon monoxide. If you're not sure if your heater is safe, call the Gas Company. We'll check it.

And be careful where you dig. Gas lines are under your property, so call us before you excavate. We'll help you find them.

Please keep these tips in mind.

By using natural gas safely and efficiently, you'll be keeping your gas bill as low as possible.

And that's nothing to sniff at.

Central Am. Refugees Need Exams

Children who immigrate from Mexico and Central America should have physical examinations to detect intestinal parasites, because most have them, four Bay Area physicians report. “Although organized health screening programs were established for Southeast Asian and Cuban refugees entering the United States, there has been no such program for Central Americans,” they note in California Medical Association’s Western Journal of Medicine for September.

Children tend to last a long time, cause serious disorders and be transmitted to other children, the authors say. The U.S. Immigration and Naturalization Service has estimated

there are more than 500,000 Salvadoran refugees in the country — 200,000 of them in Los Angeles and 100,000 in San Francisco. Guatemalans and Nicaraguans are also flocking to the United States.

Herein is our love made perfect, that we may have boldness in the day of judgement: because as he is, so are we in this world.

"All About Poetry"
By Maryetta Kelsick Boose

**To Kill a Mockingbird
Review Good**

The Fontana Mumpers' outstanding second play of the season will continue this Friday and Saturday at 8 p.m. "To Kill a Mockingbird," performed at 8443 Nuevo Ave. in Fontana, is a compelling two-act drama.

Renee D'Emilio and Sean Patrick Goodwin are to be commended for their roles as Scout and Jem, the children of the lawyer who defends a Black man accused of raping a young White woman in Macon, Alabama. Their talent is seen as they seek to understand the complex make-up of their father involving the audience in their endeavor.

C. Leon Gillian, Sr., does a competent job of portraying the accused Tom Robinson. His talent comes forth as he explains the situation in court, thereby revealing the perfect set-up.

A superb job is done by Jeane Louise Finch, who portrays the grown-up Scout who guides the audience through the story, reminiscing about various events in his childhood that affected her life. The audience is caught up in her story from the moment she appears on stage.

Steve Glib is to be commended for his role as Atticus, the mild-mannered defense lawyer who presents a calm front throughout the racial slurs and innuendoes.

For those who like thought provoking dramas, "To Kill A Mockingbird" should not be missed. Call 822-4052 for reservation information.

Congressman Al McCandless

McCandless Asks President to Return Cuban Criminals Along With Cuban POW's From Grenada

Washington, D. C. (10/28/83)-----Congressman Al McCandless has asked President Reagan to "...ship back to Cuba all of the Cuban criminals in the Atlanta Federal Penitentiary at the time the Cubans on Grenada are sent home." There are 1,084 Cuban criminals from the Mariel boatlift in the Atlanta prison who are considered a danger to the U.S.

In a letter to the President, which was signed by a number of his colleagues, McCandless stated, "It is clear the Cuban government used the Mariel boatlift operation to unload a large portion of its criminal population on the United States. In the first couple of days...there was confusion and little screening, so that a substantial

number of these criminals moved undetected into our population...many of the 1,084 are known to have committed violent crimes in Cuba and who would be a danger to our society were they to be released as some have been urging in our court system. Of those who went undetected, a substantial number have committed crimes in this country and are currently incarcerated in jails around the country; over 300 in this category are in the state of Florida alone."

The appeal concluded, "We believe the circumstances of the Cubans in Grenada present the ideal opportunity to return to Cuba at least the Cuban criminals in the Atlanta Penitentiary. We implore you to give immediate and serious attention to our request."

The shoestring was invented in England in 1790.

Topics to be covered include: a detailed review of 1983 legislation affecting the California personal income and back corporation tax laws, a review of contemporary tax policy issues and a

voter turnouts, however we are expecting a very large turnout this year. We must remember the Harold Washington victory and urge the Riverside - San Bernardino community to do likewise. If **YOU DON'T DO IT, IT WON'T GET DONE!** Our candidates need your support now more than ever.

You can help without much effort. On November 8, make it **your** business to vote, then call 5 other people you know and make sure they go vote.

This exercise will ensure a community saturation and everyone will have participated in the process so many gave their life for.

Remember it was just a few months ago that, the NAACP, National Urban League, A. Phillip Randolph Institute, National Council of Negro Women and others were fighting to keep the Voting Rights Act which insures the right. Don't let their efforts be in vain.

Jean Mansfield in the 3rd Ward

We like to say a word about Councilwoman Jean Mansfield. She is personable, concerned and very close to the people she represents in the 3rd Ward, in Riverside. She seems to understand the diversities of the various ethnic groups and includes rather than excludes her constituents. She is the only person in the total Riverside community who thought it was important to have a Black representative on the Centennial committee and appointed one.

She is the kind of leader needed in Riverside to bridge the gap and to move the community towards the year 2000. We, with no reservations endorse Councilwoman Jean Mansfield for reelection.

You Must Vote in the November 8th Election

Throughout the struggle Black people have been confronted with various challenges. These challenges have made us stronger and wiser as we progress to elevate the standard of living for our people.

Coalitions which have been formed over the years have once again surfaced in school board elections throughout the Inland Empire. It is through these coalitions that we can be successful.

The power to vote is the most powerful tool we have.

Dr. Martin Luther King, dedicated and gave his life for you to have the right to vote. We have good candidates seeking public office who need your vote to succeed. Traditionally school board elections have low

Soccer Players of the Week: Geoffrey Bruner and Terri Bruner. They ran up and down the playing field like "Laser Beams." Terri's team, the Jets, won 1-0.

Wash-up with Bubble-up: I was in Riverside last week and had the car washed and waxed. The personnel at this facility must be specially trained, or just good people who make you feel welcome. I noticed a sign at the exit where cars were washed, it said, "Thanks, Have a nice day." The world would be a better place to live if we had more young and old people with these qualities. Fresh-up with Bubble-up. Together, We Can!!

All we need for our community to become a "Model for America" is for all good men and women to come out and vote Nov. 8. Now is the time for all men and women to come to the aid of their community. School Board elections are very important. The citizens of the various communities will have the opportunity to choose who will be responsible for overseeing their Educational program which will effect our future. Class A: I stopped by Irv Silver's men's clothing store in Tyler Mall Sat. It makes me feel good to see young Americans succeed in business. He is a wonderful person to meet — you should stop by sometimes when you are in Tyler Mall.

Praise God: I noticed a five or six year old youngster pushing his baby sister in a stroller. He spoke to me and I commented: "You are doing a wonderful job!" He replied, "Thank you, Sir." Isn't it wonderful that some of our young parents are raising their children to show appreciation and respect to older people!! Together, We Can!!

Moreno Valley School Board Election: I don't know what the results will be, however I am one candidate that can say, "No one has me in their hip pocket."

If I am elected I will not be a token representative. I will function for the benefit of my community, with the youth as top priority.

Miss Wanda Spruell recently graduated from UCR. The daughter of Mr. & Mrs. Warren Spruell is a young lady we can all be very proud of. She is employed at 1st Trust Bank in Ontario as a credit analyst. We must recognize and support our young people. With God's help young people like Miss Spruell help us help the "Chemical Kids."

Together, We Can!!

S.S. Awareness
